You're more creative than you think

Getting Started with Creativebug

Welcome to Creativebug! Discover thousands of arts and crafts classes for all skill levels, with your Lethbridge Public Library Card.

To create your Creativebug account, follow these steps:

Step 1: Visit <https://www.creativebug.com/lib/lethlib>

Step 2: To create an account, fill out the information required (First Name, Last Name, Email, and Password). Click 'Submit'.

Step 3: You're all set use Creativebug on your desktop! Click 'See latest classes here' to start browsing the collection by category or search for classes you want to take.

To use Creativebug on a smartphone or tablet, follow these steps:

Step 1: Download the Creativebug app for iOS (App Store) and Android (Google Play). Once the download is complete, open the app on your device.

Step 2: Enter the email address and password used to create your Creativebug account. You will need to follow the above instructions to first create an account, and then download the app.

Step 3: You're all set! Start browsing the collection by category or search for classes you want to take. With the Creativebug app, you can download your classes for offline viewing, making it easy to learn on the go.

Note: Currently, the Creativebug app is only available for iOS and Android. If your device uses a different operating system, you can access Creativebug on your mobile web browser.

Creativebug is a commercial service whose policies concerning privacy and user information differ from that of the Lethbridge Public Library. For more information, please read Creativebug's [Privacy Policy](#) and [Terms and Conditions of Use](#).
