- You can enroll in multiple courses and there's no completion time limit.
- Most course videos include closed captioning.
- Many courses include assignments, quizzes, coding exercise, or other activities.

The screenshot shows the Udemy course page for 'Photoshop 2022 MasterClass'. The course is presented by 'Gale Presents' and is a 'MasterClass'. The instructor is Martin Dehnbak. The course has a 4.7-star rating from 9,984 ratings and 55,486 students. It was last updated in 1/2022 and is available in English, with an auto-generated Italian version. The course includes 14 hours of on-demand video, 2 articles, 6 downloadable resources, access on mobile, and a certificate of completion. The 'What you'll learn' section lists: learning different selection techniques, retouching photos like a pro, useful keyboard shortcuts, mastering masking, understanding differences between image file formats, and learning Photoshop from a professional's perspective. Requirements include any version of Adobe Photoshop (preferably CS6 or newer) and no prior knowledge needed. The description notes it's one of the highest-rated Photoshop courses on Udemy.

The screenshot shows the course content page for 'Ultimate Photoshop Training: From Beginner to Pro'. The page features a video player with a play button over a landscape image. Below the video are tabs for 'Overview', 'Q&A', 'Bookmarks', and 'Announcements'. The 'About this course' section states it's for Master Photoshop CC 2020 without previous knowledge. The 'Course content' sidebar on the right lists 21 lessons, including 'Use Photoshop's Interface Efficiently', 'Customize Your Workspace', 'Create a New Project', 'Save your Photoshop work', 'Optional - Save your work to the cloud', 'Get around Photoshop Fast', 'ACTIVITY: Crop and Straighten Photos', and 'Open Images in 6 Ways'. Each lesson has a duration and a 'Resources' link.
